**Oak Street (Beginning at 510)**

**Sledding on the Oak Street hill**

In early days Oak Street was blocked off at night from Fourth Street to Eleventh Street. There was an iced track down the center of the street. 6, 8 or 10 people would pull their long "bob-sleds" up the hill to where St. Mary's hospital would later be located. One person would steer the sled and by the time they reached level ground on Eighth Street it was said they were nearing 60 mph; they generally would coast as far as the Warren Hotel. If they wanted a longer descent they would start up the hill another half-block where the H. H. Taylor residence was located.

**510 & 510-1/2 Oak Street**

Charles Junge's barber shop was located on the first floor of 510 Oak Street in 1888-1894.

The second floor was the costume department for the Ringling's presided over by Mrs. Al Ringling. The only stairway to the upper rooms was through the barber shop and up the stairs from the back. Bolt after bolt of cloth was taken up that way. Pinned to the upstairs curtains were to be seen some of the paper patterns which Mrs. Ringling designed and cut.

On August 1, 1933, Ringling's 50th Anniversary Celebration, a Special Edition of the Baraboo News Republic was issued. In this publication was a picture of Charles Junge with the following article:

"This man probably had quite a little to do with those famous mustaches which distinguish the Ringling Brothers during their early circus days. He is the Charles Junge who operated the first barber shop and who shaved the Ringling's in their younger days. He recalls renting the space above the shop to the Ringling's for their first Wardrobe Department."

**512-514 Oak Street**

On June 23, 2011 Home by Sand County Contracting held a ribbon cutting at this location (512-514 Oak Street). Started in 2002, a design, build and remodel firm, was started in 2002 by President, Chris Shanks, and specializes in additions, kitchens and bathrooms.

**515 Oak Street**

In 1922 Mr. & Mrs. W. L. Hazeltine added an addition to their home located at 318 Tenth Avenue. The projecting sleeping porch would be supported by two sandstone pillars which formerly adorned the east entrance to the old red brick courthouse, located at 515 Oak Street that burned in 1904. It was thought that the pillars probably came from the quarry at the end of Quarry Street during the summer of 1856.

In 1964, the court house clock received a face lifting. The job of bringing the clock and cupola back to life was assigned to painting contractor Claude DeuBig. The copper colored cupola, which had turned a drab green, was given a fresh coat of gray while the hands and figures were painted a fresh coat of black and white.

Terri Lenerz opened a new restaurant in Sauk City in September 13 of 2012. The Riverway Cafe was located at E.207 Water Street. Lenerz said the big reason for expanding was the fact that she had a well trained staff and she would be able to handle running two operations.

Terri Lenerz, owner/manager of the Garden Party Café, which operates on the second floor in the former Opera House hall, announced in November of 2014 that she was closing the doors after 24 years of operation. It The Riverway Cafe in Sauk City was closed earlier.

522 Oak Street

In July of 1911, the Ideal Bakery brought out a new delivery rig just completed by the Moeller Brothers' Shop. Schade’s Bakery operated here until May of 1917.

522-524 Oak Street

The Bluebird Confectionery located at this site and the Dillenbeck Cigar Store, located next-door north at 526 Oak were owned by the Brewer Estate when purchased or leased by the Woolworth Co.

Janet Fritsch, a Cobb, Wisconsin native, went to school at the UW-Madison planning on studying Computer Programming; no classes were open so her mother convinced her to take chemistry. About a decade later she purchased the Corner Drug Store in Baraboo.

The Corner Drug Store had grown busier after acquiring two other downtown pharmacies, buying Thompson Drugs in 1995 and Troyer Drug in 1997. The store at Oak & Third could not be remodeled due to space requirements so in 1997, the old Woolworth building at 522 Oak Street, the former Golf 2000 home, was purchased.

The same year Janet & Paul Fritsch moved their pharmacy business from 100-102 Third Street to 522 Oak Street. Although they were not now located on a corner they continued to call the business the Corner Drug Store.

The move spurred a renaissance on the block, as Fritsch and business partners acquired the neighboring Reinking Building the next year, creating a complex that features businesses at street level, which today include the Corner Drug Store, the Booksmith, Amber Moon floral shop, and Oak Street Antiques, as well as a small-business incubator on the second level.

Three months after the JC Penny store closed in West Baraboo, Janet Fritsch, owner of the Corner Drug Store, announced in May of 2012, she would open a Kiosk for the national retail chain on June 4 within the drug store. The JC Penny Express, which will be open 8:00am to 6:00pm daily, will not stock any merchandise but will take orders and receive merchandise same as any Penny store.

In October of 2012 Janet Fritsch expanded her operation of Dean Clinic Pharmacy by taking over the operation of the 1700 Tuttle Street operation. This pharmacy has been in operation for more than 20 years and has been owned by Dean since the late 1990's.

526 Oak Street

During the winter of 1889-1890, the Ringling Brother's Circus opened an office over the Horstman Meat Market at this 526 Oak Street.

528 Oak Street

In July of 1912 a new electric street clock was installed outside of Gustafson and Prader's Jewelry Store. It was said the time could then be ascertained at night as well as day.

Josey Cabaj opened a Baraboo branch of Waterstone Mortgage in June of 2015 at 526 Oak Street, Suite 8 over the Corner Drug Store.

Julie Steinhorst purchased the floral and gift gallery, Amber Moon in January of 2014.

528-534 Oak Street

During the winter of 1891-1892, Ringling Brothers' seamstresses, under the watchful eye and careful instructions of Mrs. Al Ringling, were reported to be "manipulating the needle and thread in the manufacture of their sparkling and costly new
wardrobe". However....it was earlier reported in Volume IV that the costume-making department was at 510-1/2 Oak Street during the time period of 1888-1894?? The circus was growing so fast in those days that the Ringling's no doubt rented several locations.

Bob Dewel wrote in another article that the following businesses were located on the second floor; Bate's Real Estate, Cahoon Mine headquarters, The Sauk County Farmer (Maybe a newspaper?) and the Baraboo Typewriter Inspection Company.

Jennifer Blau announced on April 1 of 2014 she was terminating her operation of the Oak Street Antiques and Yarn Shop to "pursue other dreams". The name of the new owner's was not announced.

606 Oak Street
We know from Volume IV that Clarence Sanderson was still in business in 1964; we now know from John McNabb that Sanderson sold out in 1965 to Fred Krueger (pronounced Kreeger) who called his shop "Spuds". Fred died in 1981 and John McNabb purchased the shop from Fred's widow.

608 Oak Street
In October of 1913, J. S. Briscoe, who was sleeping in his printing office at 608 Oak Street, was awakened by the smell of smoke. The fire had originated in the Ernest Sanderson Barber Shop. George J. Gollmar Jr., a member of the fire department, hurried to the Sanderson home and obtained a key to the shop. A fan was turned on to clear the smoke and the flames were quickly extinguished. It was thought that the fire was of spontaneous combustion origin from an oily mop left standing at the rear of the shop after the oiling of the floor took place.

Christopher Sheehan opened Eleven:Eleven Visionary Arts Gallery, an art studio and tattoo shop, at 608 Oak Street, a former flooring center and purse shop, in May of 2012. Sheehan, a Texas native, had spent the past 11 years as a tattoo artist.

Hi everyone...this is my great uncle, Ernie Dovalis, came from Greece and settled in Chicago first where he and my other Uncle owned a coffee shop in the downtown area. They lost the shop due to economies and he became so upset that he took the first train out of Chicago and settled in Baraboo. He brought my mother Pat from Greece and she worked at the shop. My father John Villas married my mother and bought the coffee shop and renamed it John's Coffee shop. He was a wonderful kind man. He is buried in Baraboo. By the way the chili sauce recipe was his that my father used on the hot dogs sold at the coffee shop.

Katherine thinks Ernie came to Baraboo in the late 1940's and that John purchased the business about 1956.

Ricki D. Grunberg, a Hillpoint resident, opened Womonscape Center, a women's center at 612 Oak Street in January of 2013. Grunberg explains that "Womon" is an alternative spelling for women since the 1970's and has been a way for women to regain strength and reclaim themselves as individuals. Jane Leussler serves as treasurer/secretary and there is an advisory board in place for the non-profit organization. The concept is the same as was used in the early part of the 20th century when they were called "Rest Rooms".

Roser & Koch Meat Market & Groceries
Edwin Roser teamed up with Walter Koch to set up a grocery business at this location by 1905. Before that, Roser ran a meat market and delivery service on Martin Street as late as 1899.
Baraboo native, Clarence Schellenberger, age 92 (date unknown but thought to be about 2006), said he first remembered going to the store with his parents around 1919 when they bought their first car.

Schellenberger remembers:
"There was a back room where they did the washing and a big room in front where there was a counter. You order your things and they got it and set it out, they made out a bill and you paid it. I was just a kid then. The store even had a pump where people could fill their kerosene lamps.
At that time many workers from the Island Woolen Mill would cash their checks there and buy groceries. They didn't have to travel all the way into town.
They shoveled potatoes down into the basement and when customers wanted them, they went down and filled a basket and brought them up."

Schellenberger went on the say "During Thanksgiving my Mother would get a bunch of geeese ready, she would have them dressed at the slaughterhouse down by the bank (maybe the east end of Water Street...bank as in bluff), and bring them to the store" They would fill her order, figure it out, and if there was more left (after she bought groceries) she would get cash back."
John Turner stated "Roser & Koch had a horse-drawn wagon which traveled the west side street delivering groceries. If you wanted something and they didn't have it, they would get it for you."

They had a meat display counter, a walk-in cooler and they did some of their own slaughtering and butchering, they had a brick smokehouse out back where they smoked the bologna they made.

John Geoghegan remembers "they sold the hot bologna over the counter with crackers...it was a great place for a kid."

The store closed prior to the 1940's and the building was purchased by Ben Berge and was eventually turned into apartments.

In August of 1964, Libby, McNeill & Libby were making plans for breaking ground for the construction of a new can manufacturing plant to supply to their Wisconsin canneries. They expected to have the plant up and running by February of 1965 and planned on employing 30 people. The plant would occupy 50,000 square feet of floor space. The cost was expected to be in the area of $1 million dollars. It was reported in April of 1965 that the Libby plant was in operation and producing about 300,000 cans daily.

The date is not clear as of this late-date writing but the plant's name eventually became Seneca Foods Corporation.

Second Avenue
Pointon Pottery
On land later occupied by Jacob Luter's home on the 300 block of Second Avenue, there was once a pottery owned by Philip Pointon. Pointon was born in 1808, came to Baraboo, arriving in 1850 and died in 1857. He was a superintendent of pottery factories before he came to America.

A pottery was erected about 1851 by Pointon on what would later become the 300 block of Second Avenue, clay being obtained from Gilson's Slough west of the city near the intersection of Highway 136 and Cornfield Road.

Pointon would later burn the brick used in construction of the old courthouse in 1855, the D. K. Noyes residence and the old Congregational Church.

Pointon's products were such that during that time all of this section of the country was supplied with jugs, jars and other ware made in Baraboo...three wagons were kept busy delivering to the surrounding communities.

The industry was sold to Carr in 1857 and burned down soon after. Today you can see all four examples of pottery made by Phillip Pointon at the Sauk County Historical Museum at 531 4th Ave., Baraboo.

Congressman Vernon Thompson announced that the Post Office building at this address had been assigned to Baraboo School System as of June 22, 1962. It was understood that it was to be used as an office for the superintendent of schools and for the general administration building for the growing school system. In August of 1962, the building officially became property of the Baraboo School System.

The building would house the offices of Supt. Gordon L. Willson, the business office of the school system, Kathryn Gobar...speech therapist, and provide headquarter rooms for the elementary supervisors.
128-130 Second Avenue.
Ryan Law Office and The Service Companies are located at this address in November of 2011 and probably earlier.

Second Street

110-120 Second Street

A temporary school was built about 1901, at approximately 120 Second Street, to house the seventh and eighth grades. This was called the Annex, and sometimes referred to as the “Old Yellow Barn”. The school structure was set back in the middle of the block, actually it straddled Sanborn Map locations 104 & 105 of First Street, facing north with the south end protruding about halfway into the east-west alley. So, one could also contend that the annex was on the south side of the school block facing north. Part of this building was razed in April of 1928 to make way for the new Senior High School, which overlapped one corner of the annex. The students of two grades that had to vacate that part of the annex building were transferred to the Y. M. C. A. and the high school. The remaining two grades were being taught to the tune of carpenter’s hammers.

Find more information regarding the Annex School in Volume VI,>>Volume I Continued>> About Section E, Schools of Baraboo.

In January of 1939 it was announced by the Chamber of Commerce that Baraboo was soon to have a new factory, whereby the Midwest Sportswear Manufacturing Company of Chicago was coming to Baraboo and would occupy the building formerly occupied by the Janesville Clothing Company.

1025 Second Street

Pauline Gem Case passed away on May 4, 2004 at the Wisconsin Dells Health and Rehabilitation Center at the age of 90. Pauline was the first child born in 1913 at the Gem City Hospital located at 1025 Second Street, on the corner of Second and Washington Streets. Her middle name "Gem" was given because she was the first child born at the new Gem City hospital. It was the first hospital established in the city; a private hospital operated by several doctors.

Hospital births were fairly rare until the 1940's. Most babies were delivered at home prior to that time.

August Platt, 74, died in October of 1938, the result of an accident which happened on one of his farms. His hand and arm were caught in a corn shredder and had to be amputated at the elbow. Platt was in the ice business for 40 years and owned two farms near the city.

Frank Herfort Canning Company, Frank Herfort Canning Co., Inc.

There was a time during World War II in 1944, that many Wisconsin canners, except for high-school aged boys and girls and house-wives and elderly men, were almost solely dependent on prisoners of war for field and factory work. Approximately 10,000 former soldiers of Rommel's African Corps were assigned to help in harvesting and processing of canning crops in the mid-west, 3259 being in Wisconsin. The rules under which the P.W.'s worked were, at first, very rigid and caused much satisfaction, but it should be born in mind that even the army was utterly without experience in working P.W.'s as the war of 1812 was the most recent in which labor of foreign prisoners of war was utilized.

The eight-hour day, the bringing of all P.W.'s back to camp for the noon meal, the rule that the men must only be worked in groups of ten with a guard, gun in hand, over each group, and a rest period of ten minutes every hour, simply did not fit in with canning operations. But before the canning season was too far along, most of the hampering restrictions were modified, including guards at
remote distance rather than only a few yards away. In 1944, P. W. camps and number of P.W.’s was located at:

About 10% remained in camp for necessary camp-work. As of January 1, 1945, stocks of canned peas in canners hands in the U. S. for civilian use, both sold and unsold were only 3,455,210 cases. One year before the civilian stocks of peas in canner's hands was 17,800,000 cases.

Eventually the powers that be worked out a very satisfactory supply of P.W.’s. The camps during the pea pack in Wisconsin and the number of men at each were as follows:

The following should be an extension to the chronology of the Car Shops:

The Ringling "Car Barns", vacated by the Ringling Brothers in 1918, were then leased to the Lorillard Tobacco Company. Lorillard, who expected to employ between 75 and 100 people, would immediately start conducting business in the railroad roundhouse until the Ringling's vacated the car barns. The railroad round-house had been leased by the Ringling's prior to their leaving Baraboo.

Lorillard operated at the former Ringling car shops until the Northwestern Refrigerator Car Line Company leased the buildings in 1925 with plans to eventually purchase the site.

Lorillard, who had about 40 carloads of tobacco worth $125,000 stored here, would renew their stripping operations in the then vacant Ex-Ringling property at 319 Water Street.

In 1942 the Car Line Company purchased this property from a group of Ringling heirs, with the aid of the Chamber of Commerce who raised about $5,000 to assist in the purchase.

News of the closing of the car shops in 1963 was sad news. At the time of the announcement, the Northwestern Refrigerator Line Company employed about 60 people and had a payroll of about $300,000 a year. Some employees were offered jobs in the Chicago facility.

It was reported in the Baraboo News Republic (11.21.2014) that an initial phase, a $1.2 million dollar restoration of the car shops was finished. The initial phase included replacing 290 windows, installing fire hydrants, up-grading of site roads and track and electrical renovation. The buildings at this time were owned or leased by the Circus World Museum.

Prior phases of the renovation included the replacement of exterior doors, upgrading of the exterior rails and improving the interior lighting as well as adding marked walk-ways.

In November of 1987, it was confirmed by Don Pierce that a new 45,000 square foot grocery store would open at 615-625 Highway 136 in October of 1988. Pierce said that he did not know what would happen to the 30,000 square foot facility at 101 South Blvd. where it has been located for 19 years.
The city purchased this property in 2009 and razed the building that was located here in an effort to revitalize the Baraboo riverfront.

It was reported in July of 2013 by owner Lacy Steffes that Spa Serenity was planning on relocating from 137 Third Street to 101 S. Boulevard where a new building would be constructed.

There has been a lot written about the fire at Frank Herfort's Canning Company's but...maybe a little can be added:

The fire could be seen miles away...the loss included the main building which contained most of the machinery, also a machine shed, two silos, oil house and packing house. There was in the main building a grader, six corn cutters, blancher, silker, two fillers, three viners, two steam engines, six cookers, three huskers, pea harvester, boiler, a new typewriter, soil tester, Conveyers and other property. Two cars of seed had just been unloaded and about five hundred cases of corn and peas remained in the warehouse. The loss was estimated at $40,000, one of the greatest the city had suffered for a long time.

South Boulevard Project to take Place in 2014

Baraboo's South Boulevard reconstruction project received funding in 2013. It was announced late in 2013 that about 6100 feet of roadway would be replaced. The work would include new curb and gutter, sidewalks, on-street bike lanes, on-street parking, LED Street lights and landscaping.

The project would stretch from BD (City Highway 12, later 136) to Lynn Avenue.

The project was to be funded through a state program that allocates federal funding over two years for work that improves freight connections. About 30 percent of the county's total freight traffic comes via South Boulevard.

The work was set to be completed in two projects. One, a $1.4 million project funded by WisDOT will reconstruct the roadway from Lynn Avenue to South Parkway, with a roundabout constructed at that intersection. A second project which would be done simultaneously would reconstruct South Boulevard west of the planned roundabout to City 12, a $3 million project with 20 percent of the funding being provided by the city.

As part of the work, the DOT will also resurface state highway 123 and convert it to a local road with no state highway designation.

In November of 2014, elected officials and affected business owners gathered for the ribbon cutting ceremony. The State covered 80 percent of the $4.7 million cost.

In 2011, Discount Smokes moved into this building. The customers roll their own cigarettes using the store's RYO Filling Station, wooden box type of apparatus, resembling a jukebox and can crank out 200 cigarettes in eight minutes. Lon Chester and his partner also own Discount Smokes in Portage, Sauk City and Wisconsin Dells. In June of 2012, they were ordered to stop selling RYO's by the IRS as they were not charging the same tax as packaged cigarettes.

Dave Murphy retired as president of Mid-States Associates on April 17, 2013 and turned the keys over to MSA veteran Gilbert Hantzsch. Murphy would continue his work until June 30. It was also reported that Hantzsch would also assume the CEO position later in the year when Jim Owen retires. At the time these changes were being instituted MSA had 15 offices in four states.

Jim Owen joined Ayres Associates on September 30, 2013. Owens would spearhead Ayres efforts to expand municipal services in Ayres’ Madison and oversee operations in the Waukesha and Green Bay offices. Owen was known for his innovations in wastewater and water system design and served the consulting industry as president of the American Council of Engineering Companies of Wisconsin in 2008-09.

On July 8, 2015, it was reported that President/CEO Gilbert Hantzsch of MSA Professional Services took over a new role July 1 as chairman of the board of the American Council of Engineering Companies of Wisconsin (ACEC-WI). In 2012 and much earlier, the Baraboo Valley Veterinary Clinic was located at this address. Many years ago it was a Dairy Queen. After Dairy Queen it became known as Dutch Treat.

Doug Nolte remembers (Facebook) Aha, thanks Jeffrey. This will help Joe Ward and his never ending quest for all things historic in Baraboo. The original DQ on that site was opened in, I believe, 1952 by our neighbor Jack Uren. His son Terry and I grew up together in diagonally juxtaposed houses on the corner of 11th and Barker. One day in 1953 Jack astounded the neighborhood by bringing home a 1953 Corvette, the first year they were made.

Peter Arndt remembers (Facebook): Dairy Queen was owned and operated by my uncle Fred "Bud" Arndt. He was a great guy and will always be in debt to him for giving me my first job. Hamburgers from Kropps, BBQ from Aunt Eva's recipe, and the best broasted chicken on earth!! Bud sold the business to an older couple from Schamburg Illinois. Last name was Johnson. They operated it as DQ for one summer then did not want to pay for franchise any longer so changed name to Dutch Treat. Thinking this was maybe summer of 1975. There maybe was another owner after the Johnson's.

Doug Nolte (Facebook) Ok, thanks for the clarification. It appears my neighbor was in fact the original owner/builder.

Peter Arndt (Facebook) Uncle Bud owned and operated the DQ mid 60's through 1974

A chronicle of the owners of the popcorn wagon is given on the addendum of Third Avenue. A partial chronicle is also given at 101 Third Street. Bob Dewel wrote a lengthy article in the August 11, 1012 Baraboo News also.

H. R. Platt had a popcorn wagon at the NW corner of Third Avenue and Oak Street in 1936 & 1937. John Zootis conducted a popcorn franchise at the same location during the late 1940's under the name of B & Z Popcorn Wagon. Lester Kent conducted the same business as early as 1951 and as late as 1964. Actually, there had been a popcorn wagon at this location on and off since the 1890's.

Another possibility...not confirmed...is Erastus A. Miller who passed away in 1902, may have conducted a popcorn stand somewhere on the square.

Dale Williams posted the following on Facebook in 2015. The Kent Popcorn Wagon was purchased by Ogden Foods - the concessionaire at Circus World Museum. When CWM ended its contract with Ogden in the early 1980s the wagon mysteriously disappeared. The wagon was a Cretors "C" wagon. It has reappeared in the West a year or so ago when a lady listed it for sale. I talked with her at some length about the wagon.

In April of 2011 an application was filed by the Baraboo National Bank with the Federal Deposit Insurance Corporation for permission to liquidate and dissolve its subsidiary, Baraboo Investments Inc.

The Baraboo News Republic reported in January of 2014 that the Baraboo National Bank was in the process of selling their branch bank in Green Lake to the Horicon Bank. Frederick Schwerfeger, president of the Horicon Bank, said the acquisition
would increase the bank's assets to about $600 million and expand its location to 11 communities. Pending regulatory review, it was suspected that the sale would close in the coming spring.

A letter sent to share holders dated January 17, 2014 stated that the bank had entered into agreements to sell its Rhinelander branch and part of its Elcho loan portfolio to People's State Bank of Wausau, its Green Lake branch to the Horicon Bank and its Viroqua branch to People's State Bank of Prairie du Chien.

It was reported on March 6, 2014 that the Horicon Bank of Wisconsin has agreed to purchase assets of and assume the deposits of the Brick and Mortar (515 Hill Street, Green Lake, Wisconsin) branch of Green Lake Bank Branch of the Baraboo National Bank.

In February of 2015, the Baraboo News Republic reported that the Baraboo National Bank president, Merlin Zitzner acknowledged the sale of a subsidiary bank. The State Bank of Florence would acquire the Northwoods National Bank branch in Elcho, Wisconsin.

Clark Wilkinson, a super Baraboo historian wrote the following:

"Rollo Prothero was the local Buick dealer in the firm of Prothero & McGinnis, later taken over by his brother Reuben Prothero and still later by his son Raleigh Prothero. One of the big attractions at the Sauk County Fair was the automobile races. Rollo was also the most colorful participant in the races and he was frequently the winner. His auto consisted of a chassis with only a seat and gas tank on it. It was powered by a 1904 or 1906 Buick engine.

Louie Chevrolet of the Chevrolet Motor Company helped Rollo build the racer, Prothero, mayor of Baraboo for a number of years, drove with one leg hanging out, always smoking a cigar and wearing a leather helmet.

Rollo Prothero's daughter was later associated with a state radio program at Madison and opened the Green Ram Theater on Highway 12 near Lake Delton."

Club Barateen was held for several years in the K.P Hall and W.R.C. Hall on Friday nights. Later it was held in a hall over 220 Third Avenue. In the 1944 Minnewaukan ("The Annual") it was stated that Club Barateen was an offspring of the original "Club Broadway" and Club Broadway was mentioned in the 1942 school yearbook according to Don Zimmerman of Baraboo. By the 1943-1944 school year the organization had grown to the point that it was then considered an extracurricular activity in the school. This school year was the first year that credit was given the officers of the club. Garner Smith was the faculty advisor. The cost to enter the halls was five-cents.

The club was officially sponsored by the local Lion's Club.

In January of 1901, W. H. Hopkins, who inherited this property from Felicia H. Hopkins, sold this building to ex-alderman Fred Baringer. It is said that several concerns had their eye on that property. The purchase price was about $8,000. It is believed that Evenson moved to 504 Oak Street in 1904.

It was announced in December of 2011 that Recycled Sally's was moving from 100 Third Street to 119 Third Avenue on the 27th of the same month.

December of 1963 brought word of the death of Dr. Eugene F. Pischke, 43, well known Baraboo physician. The Doctor had been suffering from severe nose bleeds during the prior week and on Sunday-last had re-entered the University Hospital in Madison. He was in a fifth-floor room at the hospital and his body was found about 3:00am on the ground below his window. It was determined by the Dane County Coroner, Clyde Chamberlain that the doctor was under sedation and probably became confused and fell out the window.

In April of 2012, it was announced that Baraboo natives Lauren and Jim Adamczyk were taking charge of Just Betty's Beauty Salon's after owner Betty Bertram announced her retirement following 30 years of operation. Bertram's first job as a hair-dresser was at this location and lasted for seven years until she took a job as manager of a salon in the former Spurgeon Department store which lasted for another seven years. She then returned to purchase Just Betty's in 1986. The Adamczyk's relinquished it a year later to Chad & Jessica Holiday, who in turn announced the opening of the Holiday Salon and Boutique.
