

Baraboo Public Library Expansion Project What You Need to Know

Why expand the Baraboo Public Library?

- ◆ More than a generation since the last remodel/expansion and 50% increase in area population
- ◆ Outdated building struggles to meet the needs of 3000+ visitors per week
- ◆ Current facilities are not up to current ADA standards

VOICE YOUR OPINION

What will an expanded Baraboo Public Library offer?

- ◆ Increased spaces for children, teens, and adults
- ◆ More meeting rooms and study rooms for public use
- ◆ Larger community event/program space that will be available after library hours for public use
- ◆ A friendly and respected community asset that will help attract and retain young families and a skilled workforce
- ◆ An enhancement to the vibrancy and aesthetics of the downtown
- ◆ Foundation to build community partnerships for economic and social development in the Baraboo area

What does the Baraboo Public Library do for the community?

- ◆ Serves as a safe, welcoming community space for 3000 visitors weekly
- ◆ Brings people, information, and ideas together
- ◆ Educates people of all ages to make our community stronger

Why is 2021 the best time to expand the Baraboo Public Library?

- ◆ Library has spent over \$700,000 and thousands of volunteer and staff hours on expansion efforts since 2001. The longer the efforts continue, the more will have been spent.
- ◆ Sauk County annual funding will increase as we begin to regain County residents who have been seeking better library amenities in neighboring communities
- ◆ Construction costs increase 4% per year and repair/replacement costs for antiquated infrastructure is on the rise. Project cost in 2021: \$10.4 million vs. cost in 2028: \$14.7 million!
- ◆ The Library has made all preparations to expand, and are virtually “shovel ready” pending Common Council approval

Why do we need your help NOW?

Aug. 13—The Common Council will examine and approve the updated Capital Improvement Plan schedule.
